

DEERCREST FARMS

GLASTONBURY
CONNECTICUT

John Bronzi and his brother, Hutchinson, took over the family farm in 1994. Their father, Luis started Deercrest Farm in Glastonbury, CT in 1965 with 7 acres of orchards. The two brothers have been farming for their entire lives; today they harvest over 110 acres of farm land that produces a number of beautiful fruits and vegetables. Out of the 110 acres, 50 are dedicated to orchard peaches, nectarines, and a variety of apples and pears. Sardilli Produce has been working with the Bronzi Family since the late 90's

Deercrest Farm grows- English Peas, Green and Yellow squash, Cucumbers, Peppers, Eggplants, Cherry tomatoes, Heirloom Tomatoes, Brussel Sprouts, Cauliflower, Collard Greens, Kale, Broccoli, Strawberries, Blackberries, Blueberries, Raspberries, Peaches, Nectarines, and a variety of Apples and Pears. The Bronzi Family are long time partners in our local program and we are proud to continue our support of John and Hutchinson.

3499 Hebron Ave, Glastonbury, CT 06033
